DETAILED ACTION

Allowable Subject Matter

1. Claims 1-13 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-13 are allowed in view of Applicant's amendment; accompanying remarks, declaration, and accompanying exhibits filed 09/27/2006.
3. Regarding independent claims 1, 4, and 8, the prior art of record does not disclose selection of a connection and disconnection threshold for a first base station capable of a directional beam and second base station incapable of a directional beam so as to preferentially connect a mobile station to the first base station capable of a directional beam rather than to the second base station incapable of a directional beam.
4. Claims 2-3, 5-7, and 9-13 are allowed for being dependent on allowable subject matter

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
